EXPERIENCE

MALIK VENTURES | SOFTWARE DEVELOPER INTERN

Sep 2022 - Present | New Delhi, India

- Debugged and enhanced an existing Leads Management System (LMS) with MERN Stack technologies, improving system stability and adding new features to streamline leads management and enhance efficiency.
- Designed and implemented a user-friendly inventory management system using MERN Stack technologies, reducing inventory errors by 25%.
- Created the Radix Hospital website from scratch using Next.js and Strapi, leading to a 40% increase in online appointment bookings.
- Implemented performance optimization techniques, reducing website load time by 50%, resulting in improved user experience.
- Key Technologies used: JavaScript, TypeScript, React.js, Next.js, Node.js, Express, MongoDB, Tailwind CSS, Bootstrap.

PROJECTS

MALIK RADIX HEALTHCARE WEBSITE | LIVE DEMO

Tech Stack - Next.js, TypeScript, Strapi, Calendly.

- Developed a responsive website for Malik Radix Health Care using Next.js with TypeScript and Strapi Headless CMS.
- Implemented filters for doctors based on their specialties and availability.
- Created a blog page to showcase the latest news and updates from the hospital and the medical field.
- Integrated Calendly to enable online appointment booking for patients.

CONTACT MANAGEMENT APPLICATION | GITHUB | LIVE DEMO

Tech Stack - Next.js, TypeScript, Tailwind CSS, Node.js, MongoDB, Express

- Developed a Full-Stack Contact Management application using the MERN stack with TypeScript for the backend and Next.js for the frontend.
- Designed and developed a mobile-responsive interface with dark and light themes, enhancing user experience.
- Implemented advanced contact filtering options, empowering users to easily sort contacts and perform real-time name searches for an enhanced user experience.
- Demonstrated full-stack proficiency by seamlessly integrating MongoDB, Express.js, and React technologies to deliver a user-friendly solution.

DAKSH STUDY CIRCLE WEBSITE | GITHUB | LIVE DEMO

Tech Stack - HTML, CSS, and JavaScript.

- Created a fully responsive static website using HTML, CSS, and JavaScript, tailored to meet the specific needs of a coaching institute.
- Ensured 100% mobile responsiveness, enhancing user experiences on diverse devices.
